

## ***Becoming a Member of Epilepsy ACT supports the whole community!***

Your Epilepsy ACT membership helps to improve lives of people living with epilepsy within your community. Epilepsy ACT is a not-for-profit, self-help community service organisation formed in 1982, dedicated to improving the quality of life for 11,500+ adults and children affected by epilepsy, their family, friends, colleagues and carers. Today Epilepsy ACT provides support, reassurance, advocacy, referral and information to people within Canberra and the surrounding region. We promote understanding of epilepsy through education and training and are continuously working to increase community awareness and acceptance of the condition.

We invite you to become a member of Epilepsy ACT – or to renew your current membership.

### **How your membership helps Epilepsy ACT:**

- You are actively supporting a community organisation that provides individual support for individuals and families living with epilepsy each year. *The majority of our work is free-of-charge;*
- You enable us to continue to deliver services to people living with epilepsy throughout ACT and the surrounding areas;
- Your support means that we are able to continue train and educate;
- You make it possible for us to keep working to support people living with the most common of all serious brain disorders;
- You have the opportunity to help with community awareness, government lobbying, fundraising, support and advocacy.

### **As a member of Epilepsy ACT you will:**

- Receive regular member updates and newsletters;
- Have access to our ever expanding collection of online resources, library and self-management tools;
- Have access to our nurses and training staff;
- Receive a personalised epilepsy management plan, if required;
- Receive the biannual Australian Epilepsy Report;
- Be invited to scheduled seminars, educational programs, fundraisers and social events.

***We look forward to having you as a part of our team!***
